SEVERAL THINGS THAT RULE!

FONZO'S DRUM MACHINE: No expla-
nation necessary!! FUCK!

BINDYS: I've only seen like
two episodes but am claimed
as a victim of Budgism!

HALUCINATION REPAIRMEN GO
COMMERCIAL: We got our inter-
view printed in MRR & you
didn't! Nyah!

BROOM HILDA: We were parked
outside the bowling alley where
Immoral Minority got their
show cancelled and for some
goofy joke (most likely) I
noted the similarity between
the last 3 letters of my name
and the band E.N.T., and ed
says 'so what, B.R. stands
for "BROOM HILDA" or some-
thing', and I screamed with
laughter for a year!!

ROY'S PARROTS: FUCKING PSY-
CHOTIC!! EGAD!!!

ORANGE TREES: eek! Oranges
really do grow on trees!

GERMS SINGLES FOR \$5: Okay, I
made a list of things I wanted
at the record swap and on it
I put "Germs single-\$5" coz
a) I don't know shit about the
going costs of most records &
b) I was death broke. Anyway,
I'm still being riled for it
today & I think it's kinda
funny myself!

AKBAR & JEFF: One of
the best comic strips
ever to exist! ARG!!

SEEING STIKKY LIVE: 'Live',
rhymes with 'skindive'. Forget
it, California, you'll never
understand.

ED WHEN HE SINGS OPERA: Ed does
a soprano number called "PEICE
OF MOTHER-FUCKING SHI-I-IT!"
whenever he loses on Tetris.
He says it's his Ray of Today
voice, but I know better...

THAT LADY SHAVING!!!: FUCKING
SHIT! We & ed were going from
his work to McDonald's or
something and at a red light
--right next to us was this
973-year old lady in her car
SHAVING WITH AN ELECTRIC RAZ-
OR!!!! We were in tears....

THE PACIFIC OCEAN: I saw it!
ONCE, but I saw it! I love
it! It owns my soul!

BUZZ: Some strange show that
featured Henry Rollins, a kid
from Africa who does intense
drumming on a bucket, and
other folkx I can't recall--
strangest thing about it was--
it was on m.t.b.-music to barf
by-must've been a fluke!

ONE-SHOT BANDS: Bands that
are only together long enough
to make a recording--usually
anmere from five minutes to
five hours--rule!

RICH KRINOCK'S VERSION OF
"GREAT BALLS OF FIRE": MOTHER
!!!!!! This was done on
piano: "you shake mah nerves
and you rattle mah brain..."
BING! BONG! BOON! The brain...
twisted notes known to most
kind!!!! Buy the album!!

ACTION DOTLIES: Which show did
we hear this one on? Cheers?
I forgot. It was a phrase
spoken by someone on t.v. and
I seriously wanted to name the
band as such! It rules!

THE BOX: Like the 3rd day I
was in California, we were
at Terry's house flipping
through the channels and
ed stopped the channel and
was a little channel and it
was a little rolling cart and a
tiny box rolling along on a
telephone wire, every few
seconds flipping along of a
drowned "ROWRR!" like a lid
"we should call the band
the box!" It rules! The
box is an all-powerful enti-
ty! Worship it!

SIMPSON'S: No, not the trend,
the cartoon! It rules! Too
bad I don't have a T.V.-be-
sides, I can't afford cable!

KRON: Nickname given to me
by Steve N.U.F.A.N. Don't
think it's anything derogato-
ry, but regardless, I like it!

HYPERCARD: It's a game on Dan's
computer that lets you
draw absolutely anything by
any means at all!! It rules
to death!!!

SQUIDS!!

SQUIDS, YOUR MOTHER, AND SQUIDS!!

SQUIDS, damnit!!!

THE WAR: This one's kinda obvious, as I'll blabbing about some not-so-obviousnesses re the war later on...castrate push!

SEVERAL THINGS THAT SUCK!

THE IMMORAL MINORITY/ASBESTOS DEATH SHOW GOT CANCELLED: About 7 songs into the set, the manager said "Stop! I found beer on the premises and you can't play now!" Shit, there goes my scene report...

CHANGE IS FUCKING DEAD: I only actually met the guy once & thought he was pretty cool! Best friend of one of my best friends. Overdosed on heroin. r.i.p., man.

HAVING A JOB: Real life has kicked me straight in the face & it looks like I'm gonna have boring job after boring job till I die, if I'm lucky. But I guess it could be worse...

I hate death: I don't like to talk about it; and I go to as few funerals as possible. I even put off writing

THE MICROWAVE: It also is infested with the occasional cockroach colony & smells like a dirty hamster cage! Yum!

MY CAR'S TRANSMISSION TAKING A SHIT: We were supposed to change lanes (this was on the way to the fucking Sticky show!!!) and I was supposed to take off fast from a red light to make the lane change-well, when green the light turned, I stomped on the gas & mr. tranny went bye-bye!

All you heard was the engine revving and this hideous GGGRRRTTCHHHH!! and we had to push it out of the way of the intersection & leave it there --many days/months later I had a towing co. take it & they never gave me shit for it cause I couldn't get a title for it! You bet I fucking flipped out!!!!

NOT BEING ABLE TO GO TO THE RECORD SWAP: I had to work & I was broke anyway!! And they were out of free Germs ?'s, dammit!

What must I do to be saved?

NOT BEING ABLE TO SEE D.O.A. OR THE VANDALS: ~~XXXX~~ Broke again, plus other possible factors...

101 reasons or excuses why I haven't printed up Strange Damage for about 4 or 5 months: (1) For about three full weeks before I moved, I didn't do anything money-or-mail-related because I was saving my money for the trip and I didn't know when my address was gonna change! I didn't even know if my car would make it! (2) The first try, my car didn't make it! The transmission fluid overflowed (due to a plugged hose, I found out - about a week later) about 50 miles from my house and I was in limbo for like a week and a half more! (3) I moved to California - that took six days - that's documented later (4) Took me a while to find a job - maybe cause I didn't start looking till 3 weeks after I got here. Me & Ed figured it'd be easy to get me a job - that's why I waited. (5) I took the liberty of purchasing some of the nice music selections you can only (?) get in CA... (6) My fucking car died!! (7) I've been at work 24 hours a minute for the last 3 months and have had no time to do shit! (8) I lived in my car for a good month or so (9) And of course, I suck anyway.

AND NOW FOR A VERY SMALL & PROBABLY VERY INACCURATE SCENE REPORT:

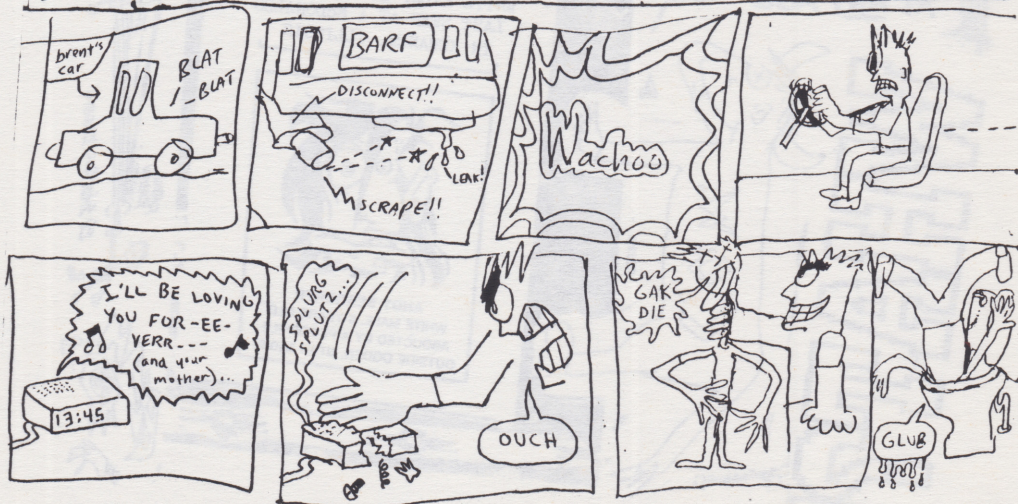

Well, today is feb. 5 & i've been here (in ca.) for 3 1/2 months & seen 3 shows. The first was at some bowling alley whose name escapes me, anyhow 'twas supposed to be an Immoral Minority & Asbestos Death show. Immoral Minority (whom I thought were pretty great-thrashy hardcore stuff -no, not metalcore) played about 7 songs & the owner politely interrupted & yelled, "WHERE I FOUND BEER ON THE PREMISES & YOU'VE GOT 5 MINUTES TO LEAVE BEFORE I CALL THE COPS!!" So there went that. I didn't even fucking get to see Asbestos Death, which truly sucks coz now they've taken a 32-year vacation to Nevada or something....

The second show involved at least 4 bands...and no, i don't remember the name of the place-look, i'm new ~~xxxxx~~ here, i'll learn with time! (i lost my goddamn white-out)))))) First band up..Los Rudiments. Oh, by the way, did i mention this was a ska show? Anyway, from what i recall, Los Rudiments RULED!! Ed sez he didn't ik like the singer..funny, the only thing i remember about the singer was when he stood up & said "I THINK THAT I'M RETARDED!!" X I thought that was pretty funny. Next band..forgot the name..too horn-oriented for me..the drummer was Klaus Flouide's identical twin!!! Next band, Enrique, weren't ska --they were sick! Everything about them was so purposefully SEVENTIES!!! Two sequin-drenched hairspray-coated identical choreographical singers-everything about this band was seventies, down to the last fucking detail! SEVENTIES-CORE, if you're brave enough, folks! Personally, i'm not! Pat Benetar covers & that unmistakably sick disco-guitar sound-do Public Humiliation have intense competition?? Nahh..

The last band to play thar was Skankin Pickle, and they were, for the most part, good! There's like 18 members in the band and the lead singer (?) came out with this hilarious mask on his face, later he took it off & his hair along with it! After the first 6 or 7 songs, the action kinda slowed down a bit-but it was good while it lasted! There was one especially funny song & i wish i knew the name!

The third show i saw was at Pony Express Pizza. First up was Aberration, and they were good. ~~XXXXX~~ Next was No Use For A Name, and they were intense. And next was Stikky, & they were amazing! Incredible! It was their first show in like 2 years or something and they were amazing! Todd is the most lunatic drummer ever!!!!!! They did all your favorites: "I Wanna Hear Horns", "Spiderman", "If You've Got Something To Say Just Say It", "2-4-2-6-16-Alternating", or whatever it's called, "Senator Hart", and 600 more! I got a recording of this show, and i expect to see some Stikky stuff on a record i'm putting out this summer... (hopefully)..bye now!

~THE GREAT TREK~

AS I DROVE FROM NEW HAMPSHIRE TO CALIFORNIA, I KEPT A JOURNAL, AND I'LL BE PRINTING IT IN THE NEXT FEW ISSUES. SELF-INDULGENCE, I LOVE IT.

(I didn't start writing it till I entered Ohio for some reason - here it is in all its unedited glory:)

Sunday Oct. 14 (I think), 1990 (Day 2-summary of stuff)
Here it is twenty of noon and I'm in Youngstown, Ohio. The thing about traveling is that it's gradual...the pain of leaving everyone you know--slow...torture. My car has sprung a humongous exhaust leak (I think that's what it is--it sure makes a lot of noise)...almost right after I started it started raining & I didn't really turn off my windshield wipers till Pennsylvania...saw a sign maybe 50 miles back that said "America's worst Apple Pie-Exit..." something-or-other...I thought that was funny...got up this morning at around 5:30...slept in a turn-around spot off some dirt road (somewhere in PA-Berwick?)...in New York I crossed this HUGE bridge that spans da Hudson...must have been at least a mile long...N.Y. state had me tense, but PA seemed like a pretty friendly state. Every speed limit sign in NY said "state" speed limit (whatever)...sheesh! No radar detectors allowed in NY either...buckling is the law in PA...Mort Drucker draws on bags for PA Burger Kings!! Gas is 1.33 per gallon in mid-PA--damn decent! Also in mid-PA, I saw walls of natural rock formations lining the interstate...weird looking rocks! I can't think of much else right now...should I go see Dave?! Holy sheep!

(same day)

The Ohio & Indiana turnpike is toll...well, it's 10PM N.H. time, but I'm in another time zone, so it's only 9:00! There was no sign to tell me or anything! It happened somewhere in Indiana...Indiana scared me a bit when I saw a billboard advertising a MILITARY SCHOOL! Oh, did I tell you I got lost in Akron, Ohio (who the fuck am I talking to?!)--i.e., I wasn't supposed to BE in Akron, Ohio. Somehow I lost I80 and wound up a good 15 miles from it...now, pardon my naivete on this observation with a surprised look on my face, but as far as I could tell, Akron is a black city. Not that it matters, it's just that such things don't exist in jolly ol' NH.

Well, pulling into Gary, Indiana, the traffic abruptly slowed to a death pace, in which it continued so until coming out of/in middle of Chicago.

I think I have just lost touch with myself.

And here I am outside of Chicago, IL. When I went to get some oil/check my oil, someone was in the bushes past the phones, yelling to me & asking if I had the time. I thought that was pretty fucking insane. What did they put in my gas tank!?

Ohio strikes me as a 50/50 industrial/agriculture state. Weird. I'm trying to think of something but I can't. Saw a really low-flying plane. Aapthgblkpt.

Day 3-what's today, Monday!?

I think Illinois is proof that not all farmers are rednecks. A weird feeling of appreciation comes over me as I pass through. Crazy, man.

Oh, a couple things I forgot (no, not those two). It began raining again in Indiana and it smelled good, like the smell of a summer rain only multiplied. Wikkid.

There is a weird bird to the right of me. A sandpiper??? Last night-saw REALLY weird animal. About twice the size of a cat, big ears, tail about as long as a cat's...a lynx or something!? THIS WAS NO CAT! I dunno! I think I also may've seen prairie dogs! AAK!

Whoa! How did I forget this! In Akron, Ohio, there were two car accidents; the first was a smallish white car and it was on its ROOF in the middle of da ROAD and some lady was trying to talk to the person inside...scary. The other one I didn't get a good look at.

Oooh man! I just saw a sign on this Interstate that said, "To hometown of President Ronald Reagan, Next Right!!!" AAIIEEE!!!

And I also saw a field full of-get this-tiny black cows!!

Well, now it's up, up, & up to Iowa...the state cops here drive around in STATION WAGONS!! Crossed the Mississippi-neat. Not as amazing as I thought it would be.

Day 3 continued...

By the way, an Illinois sunrise is awesome!

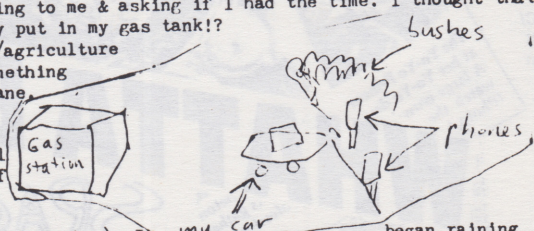

Well, since eastern Ill. it was cold sleeping-in-your-car weather (49° by day, night=?!) but now that I've passed Des Moines, it's suddenly hot! Weird but good! Maybe I won't freeze sleeping tonight! Right now it's 2:25 (afternoon). The rivers in Iowa are really muddy. Neat.

"Every day Americans eat 75 acres of pizza"...that's what they just said on the radio!

Just before I entered Omaha, Nebraska, I saw a fucken plane do a loopde-loop!!!! Boy, people in Omaha are in a hurry!

NEXT ISSUE: A CHANGE IN LANDSCAPE... and PICTURES!!!!(oh goody)

and sounds...

Liquid Infant

LIQUID INFANT are funny, angry, crazy, GREAT slopcore from a few towns in the lower coast of Maine area. They rule! Read the interview and shut up!

SD: OUT OF ALL THE TIMES YOU'VE BEEN ABDUCTED BY A U.F.O., WHICH ONE WAS YOUR FAVORITE AND WHY?

JESSE: My favorite was when they fed me Reese's peices and made a bunch of products with my face

ZIG: I really liked the time I was abductibed by ailliens who all looked like clones of Buxtahuda the glorious composer of baroke organ music, we all played illuminatas and talked about diffrent kinds of cheese we enjoyed.

DAN: I don't know what the hell you're talking about you fucking weirdos. I bet you think you're really cool and punk rock cuz you asked such a far out question. I'm so sure.

SD: WHAT ARE YOU AND WHO ARE YOU DOING?

J: I am Jesse and I played bass on some tunes and yelled and rolled around and rapped up the band-I played drums too

D: My name is DAN don't you know, and it is me making that horrible noise in the background that sounds like it might be a guitar. Except for some songs that I play drums on.

SD: WHAT IS YOUR FAVORITE BREAKFAST CEREAL?

J: Apple Jacks, or Grape Nuts, sometimes I like oatmeal with maple syrup. I usually eat Captain Crunch though.

Z: Dogshit

D: FROOOOT LOOOOOOPS!

SD: Tell the good Earthpeople about all

the demos and CD's you have out...

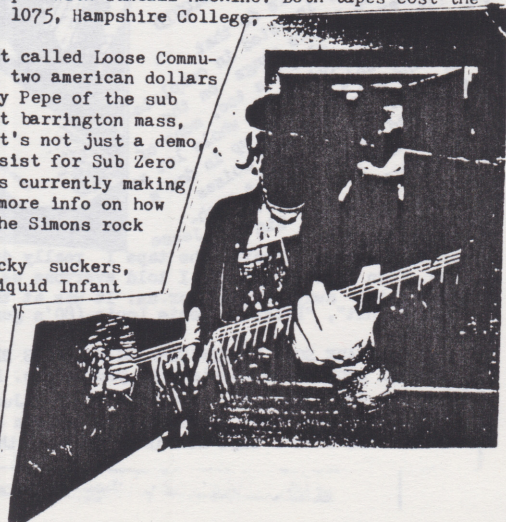

J: We have Interpersonal Conflict for \$2.00 (If you mail fer 'em, \$3.50...sorry but postal prices are shit high). We also have a split tape with Gumball Machine. Both tapes cost the same and are 60 min. from Jesse Kimball, Box 1075, Hampshire College, Amherst MA 01002.

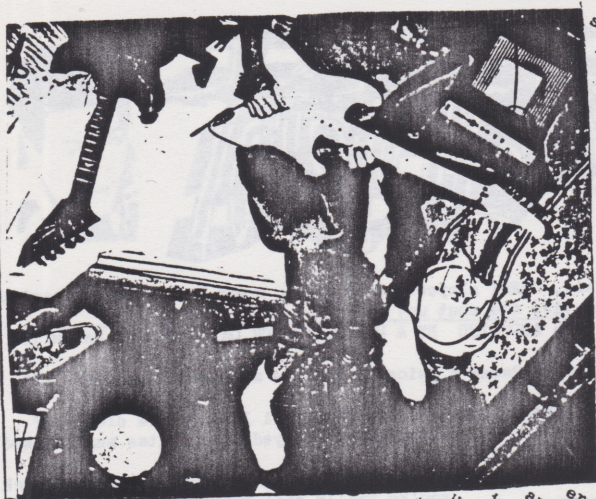

Z: The Sub Zero Pickel Men have a demo out called Loose Communists for sale, if you want a copy of it send two american dollars and a self addressed stamped envelope to Ziggy Pepe of the sub zero pickel men demo offer, Simons Rock, Great barrington mass, 01230, offer good untill summer gets here. It's not just a demo it's a whole new way of life. Also, the Bassist for Sub Zero and myself are part of a Jazz ensemble wich is currently making a C.D. of Jazz from the sixth dimention. For more info on how to get your paws on this number, write to the Simons rock Bookstore at that same address.

D: I fucking wish we had a CD out. Some lucky suckers, however, are the proud owners of the \$2.00 Liquid Infant tape; jam-packed with 20 songs and entitled "Interpersonal Conflict".

SD: What year do you think the world will get blown up, and do you think there will be any survivors?

J: The earth has already been blown up, that's why we have oceans. No one will sur-

vive life on earth, so I don't see why they can't smell flowers and eat small animals. If the earth blows up we'll have it better except everything will be saved by the Grateful Dead or at least Phish.

Z: Tomorrow, no.

D: What the fuck do you mean "will there be any survivors?" There'll be plenty, provided they can fly, breathe in the vacuum of space, and aren't splattered to bits by debris from the explosion.

SD: TELL US ABOUT ALL THE OTHER BANDS YOU'VE BEEN IN...

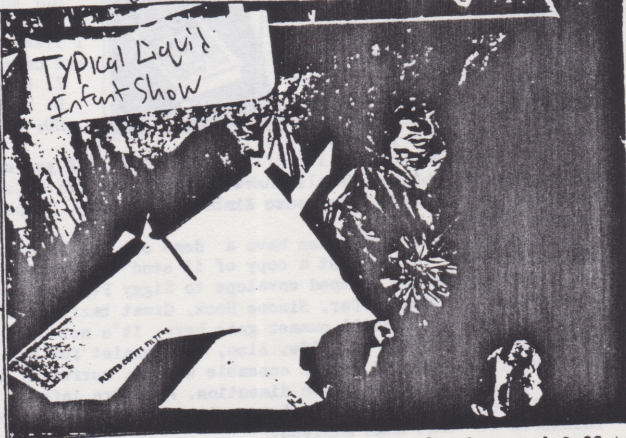

J: I was in Boring Crime with Zig before L.I. and after I was in Big Lawn and a nother called Phil Clawson + the Strobes. Currently I'm in a band called Gashouse. I'm also in the A-4 House band which is Spanish in the Fall version of old theme songs. The Fall Guy, Dukes of Hazard, + others.

Z: The Subzero Pickle Men are the boys who play funk on nurf instruments and sing about vampires from cleveland and velvet Underground, western mass and the Fall duet version of Ska for some things, and we

my college Ralph which D, watch things, Heads, influenced play in the saxo- who play about funk for some things, and SD: name "Tewksbury Trio". But some stuff under guys in I'm also in the A-4 House band which is Spanish in the Fall version of old theme songs. The Subzero Pickle Men are the boys who play funk on nurf instruments and sing about vampires from cleveland and velvet Underground, western mass and the Fall duet version of Ska for some things, and we COMES TO MIND THE STUPIDEST LAW NOW? J: Child molestation/statutory rape laws

Z: All anti-nude laws, America-take off yer pants D: Probably either marijuana prohibi- tion or the speed limit, the 21 drink- ing age, or the cut in the capitol gains tax. SD: TELL US SOME HISTORY OF LIQUID INFANT...

J: I'll let the others do that Z: I was really inrested in complete- ly improvising entire songs on the spot, every one else was too, none of us like to go skydiving a whole lot so we figured we'd just go in dan's attic and make loud evil up in a mush. D: Well, one day after a rush- roomy and potty night at Jesse Clark from "Neon Terror- ism's" house, me, Ralph, Zig and Jesse S.

Typical David Infant Show

started to make noise, and when I heard the tape I really dug it so we got Jethro to play bass and Jeff to drum. Then Jesse Clark and I told everyone we were going to Europe and got people to throw going away parties for us. It was at these parties that we made famous tunes like "Fuckin' Shit", "Drugs", "Louie Louie-(80's generation)" and our cover of "Paranoid" by Black Sabbath.

sd: WHAT ARE SOME DISTINGUISHING FEATURES BETWEEN REAL PEOPLE AND FAKE PEOPLE? J: Real people are people like you and me. Fake people don't really exist, they're just fake. You don't need to be scared of 'em. Just listen to Phish or Blues Traveler. Z: I don't know, but the difference between a real and a fake interview is that one is done face to face with a tape machine, and the other is done through the mail.

D: Generally fake people are harder to carry on a conversation with, but at times they can make much more reliable friends. They also can't get arrested, and don't have to pay taxes.

SD: HOW WOULD YOU DESCRIBE YOUR SOUND AND YOUR LYRICS?

J: Our sound is Dan masturbating in his own ego with Zig screaming and me and Jeff trying to hold down a beat. Other times our sound is an immature pre-pubescent sexist rockstar wanna be parody (meaning either we want to be this or we are satirizing it, not we are a parody of wannabes)

Z: If you want to know that get the damn tape, do I look like santa clause? (I have the tape and I like it a lot-b.f.)

D: The sound is kind of punk and some hardcore and rock and some blues, and the lyrics are either my gorrible failures at songwriting or flashes of the subgenius totally improvised and spilling out of Zig's subconscious mind.

SD: DO HAPPY FLOWERS RULE OR WHAT?

J: We rule

D: Aagh

SD: WHICH HAS MORE BRAIN CELLS-AN AARDVARK'S BUTTFUNGUS OR GEORGE BUSH?

J: Zig does

Z: Neither, I do

D: Come now, could a man with no brain cells be able to pull off the colossal scam that Mr. Bush has?

SD: DO YOU EMBRACE FANTASY?

J: A la peanut butter sandwiches. My friend Eric's fantasy is for him to be shitting in a toilet while eating and having a girl get so turned on by the smell of his shit that she starts sucking him off. Rod agrees-maybe they could do it in the stalls next to each other. Rod + Eric are the A-4 House singers.

Z: Only if it's trying to make me buy cigarets

D: What do you think this band is?

SD: DOESN'T EVIL INTELLIGENCE PISS YOU OFF?

J: Just about any intelligence pisses me off

D: I suppose it's better than evil stupidity. I can't stand stupidity. It grates on me. It's totally lame, and sucks.

SD: Tell me some WEIRD DREAMS YOU'VE HAD LATELY?

J: I dreamt that I was scuba diving by an old mill & found an autographed framed picture of Starsky & Hutch

D: I dreamt that all the world was a nice place to live and that people everywhere loved each other and embraced rather than despised each other's differences.

SD: IS BEN WEASEL FOR REAL OR IS HE JUST A HOAX?

J: I don't quite get this question and I already used the a la peanut butter sandwiches answer

D: I don't think a dude named Ben Weasel could be a hoax

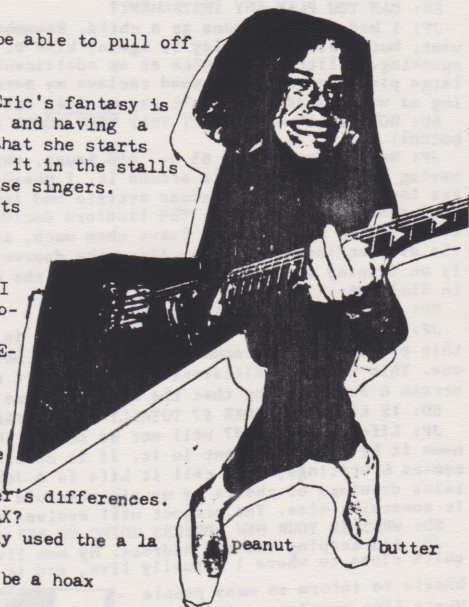

SD: ANY LAST WORDS WHATSOEVER?

J: Watch out for a Liquid Infant reunion-we'll be back in a new form more ugly, grosser, and louder (yaaaahhhh!!!!-b.f.)

Z: Yes-JESSIE PLEASE TRY TO GET THE SUB ZEROS A GIG AT HAMPSHIRE SOMETIME ON A WEEKEND TOWARDS THE MIDDLE OF THIS SEMESTER, I LOVE YOU MUCH MUCH-ZIG

D: I wish I had weirder dreams, like Zig. He has weird dreams, or maybe he just tells me about them weird. Maybe he's just weirder than me in general and therefore would logically be the weirder dreamer of the two. Or maybe I'm completely full of shit.

Life is a Joke

INTERVIEW WITH JOE FRANKE

Hi! Joe Franke does Life Is A Joke zine and it's like the funniest thing on planet earth next to Monty Python!! The stuff he does makes going insane well worth the trip!!! You should severely check it out--it'll kill you!! Oops, shit, I forgot to mention coffee! Lots of that involved, too!

SD: CAN YOU PLAY ANY INSTRUMENT?

JF: I had piano lessons as a child. Remember how a song went, but could never play it again, kind of like my French speaking. A little harmonica as an adolescent. Nowadays, large pieces of metal or wood relieve my percussion. Screaming as well. Glad you didn't say musical instrument.

SD: HOW DID IT COME ABOUT THAT YOUR HOUSE IS BEING BULLDOZED?!

JF: We were renting a 65 yr. old house, which was slowly having luxury homes built around it. I moved into it during its last year, mainly because artists and iconoclasts inhabited and conspired there. The landlord decided to develop, so we had to move. Didn't leave them much, as we did a little destruction of our own. Also, the doorways are currently on display at an art gallery. It was the only cool PLACE in Simi, CA.

SD: WHERE ARE YOU LIVING NOW?

JF: I now live in a very suburban house in the heart of this city, with one roommate from the old house, and one new one. This place is different cause we can't run around & scream & stuff, being that the neighbors are ver adjacent.

SD: IS LIFE IS A JOKE #7 TOTALLY OUT OF THE QUESTION?

JF: Life Is A Joke #7 will not be out of the question. I'll name it by whatever I put in it. If it consists of all my comics & writings, I'll call it Life Is A Joke #7; if it contains drawings of ghosts by my six-year-old sister, I'll call it something else. The project will evolve.

SD: WHAT IS YOUR NEW ADDRESS GOING TO BE?

JF: I'm keeping the old address. My mom lives there. It's quite close to where I actually live, and it is an extreme

hassle to inform so many people where I've moved to, since I've moved twice.

SD: WHAT WERE THE FIRST 3 ISSUES OF LIFE IS A JOKE LIKE?

JF: #1 was O.K., #2 was crude, yet funny enough, #3 had evolved to form. I'll probably reprint them in time.

SD: WHAT'S YOUR THEORY ON HOW LIFE & THE UNIVERSE IN GENERAL GOT HERE?

JF: We don't have one. Divine being, perhaps? Probably not. It occurred. If you believe that universes exist, then you might believe in their birth, but the mechanics are probably of the 4th dimensional variety.

SD: DO YOU THINK IT WOULD BE POSSIBLE FOR A SOCIETY TO EXIST WITHOUT BEING DEPENDENT ON MONEY?

JF: We could exist without money, but the money itself isn't the problem. It's the greed. If I sent you a buck for your fanzine, & you sent a buck for mine, we'd be even, we might as well trade. But I can't give a thousand zines to the landlord. Money makes a few things possible. I don't believe in being motivated by money in terms of expression, but it runs the presses, unfortunately. I do O.K. Every pamphlet I sell makes it possible to print another one. In long run economics, I break even. I work in a record store. I eat cheap food. I don't have a car. Money doesn't enslave the masses, the small amounts we get do. P.S.--steal.

SD: WHAT'S THE MOST SERIOUS TROUBLE YOU'VE GOTTEN INTO?

JF: I don't know. Been pretty lucky. There are warrants for my arrest, but hey, nothing immediate. Unwanted pregnancies would be quite horrible. Nothing is serious.

SD: ABOUT WHAT YEAR DO YOU THINK WWII WILL START, AND DO YOU THINK IT WILL BE NUCLEAR? IF NOT, WHEN DO YOU THINK THE FIRST NUCLEAR WAR WILL COME ABOUT?

JF: I believe humanity is the scourge of the earth and that its destruction is both inevitable and deserved. Nuclear war seems efficient.

SD: TELL ME ABOUT THIS MOVIE YOU'RE DOING...

JF: I've worked on two films so far, and had footage on video shot of the occasion at the house. This was all done by Chris Kosman, a friend & student at art center. Hope to put it all on video for anyone interested, we have a sound tape of the metal percussion to dub over the raw stuff. In one of the films I die, and in another, it just gets very weird.

SD: HOW MUCH MAIL DO YOU GET ON THE AVERAGE DAY?

JF: It fluctuates. 3-4 pieces, on the average, sometimes much more. I don't do as much regular correspondence as I used to, cause of time.

SD: EVERYTHING HAS SOMETHING TO DO WITH SEX EXCEPT THE WORD ARMPIT. TRUE OR FALSE?

JF: I resolve to prove that false, this evening.

SD: WHAT DO YOU THINK OF SARDINES?

JF: Sardines are good. Wish I had some now (I'm at school w/no money or food.)

SD: WHAT HAVE YOU DREAMED OF DOING THAT YOU HAVEN'T DONE YET?

JF: Touring the world, living in a fortress in the desert with twenty women, printing tens of thousands of books, dying, riding a bus with Sinead O'Connor.

SD: IF YOU COULD RECORD ANYTHING ON A RECORD, WHAT WOULD IT BE?

JF: The howling of a thousand tortured souls, and a funky beat.

SD: WHO IS NEIL BUSH?

JF: Neil Bush is an example of money, & how corruption empowers, but hey, never judge a guy until you've ridden a mile in his limousine. His dad is evil.

SD: HUNDREDS OF CLOSING COMMENTS?

JF: Prove that you don't need drugs, try to fly. Good luck in the struggle. They will try to make a fool out of you, and it often works. Be yourself, unless you're an asshole. Then be a cool person. Don't litter, unless you're in Beverly Hills. Strive to be alive in love & war, Joe. (Life Is A Joke/Joe Franke, 2288 Hawk, Simi Valley, CA 93065)

ZEE

Hey poor-boy!

Got yer taapaxt postcard, you bleedingheart sonofabitch! All you "activists" can't leave "art" well enough alone! I saw the reviews of my shit in your faggit zine and I'll have you know that before I send more stuff for your sleazy zine that I got to have ~~pxe~~ proof that you did some research into the works of Nietzche and Froyd. Print or don't print the damn interview! Shit! I'm not depressed I'm feeling better now than I've felt in years! That's not why I'm cappin' all you charity cases tho! I'm just tired of waysting energy on you! I have apathy towards the mass of all races indiscriminately! I have to work with several types of people everyday! I've seen skin colors you never thought of! I know people! To know people is to pray for the bomb!

(sic-I left all errors
intact)

--John Utjsen

"Can't leave art well enough alone"? Look bud-you sent me your zine for me to review-when I review something, I am giving my opinion, not yours, not my mother's, not Abraham Lincoln's, MINE! You have the right to print any fucking thing you want, that doesn't mean I have to like it OR understand it! No, I don't know anything about Nietzsche (sp?) or Freud, and I'm not sure how they tie in with anything. (care to explain? I'm listening.)

I simply saw a review of your stuff saying that it was racist and I was asking you if it was true. Do you realize that most "punks" wouldn't even bother asking, they'd just go "oh, he's a racist fuck" automatically! When you say you have apathy towards all races indiscriminately, I hope you don't think that saying "I hate niggers, kikes, spics, chinks, etc..." is any better than saying "Yeah, I hate niggers, but everyone else is ~~aka~~ okay"--either way it's RACISM!! Why bother to choose the word "races"? Why not say "people"? I, too, have apathy for at least 90% of the world's population, but why differentiate between races?! I don't care how many skin colors you've seen. I too work with and talk with people from all over the world. Somehow it just doesn't matter to me! Likewise with sex! I noticed plenty of sexist & homophobic references in your postcard too! What the fuck?! Sincerely, brent.

SD: WHO PLAYS WHAT AND WHY? (questions answered by Count Zee)

ZZ: I am the vocalist and play base for the band. Yawn Von Frankenbeans plays lead guitars, Jag Sage plays lead geetares and Pornlord plays drums. I write all lyrics and music

SD: WHAT DO YOU SOUND LIKE?

ZZ: I sound like the worst nightmare you have during the worst flu of your life. This is a collective assembly of all the music forms you've ever heard. The theme of this tape/album is pain.

SD: WHAT INSPIRES YOU?

ZZ: The spirit of transcendental awareness inspires me

SD: DO YOU GO TO CEMETERIES OFTEN?

ZZ: When I can! I love to this time of year. I watch Evil Dead II and go for it! I'm quite busy these days so I don't get around to having fun so much

SD: DO YOU RISK YOUR LIFE ON A DAILY BASIS?

ZZ: Hell no! Nobody ever gets a second chance

SD: HOW MUCH DO YOU END UP SPENDING PUTTING A RECORD OUT?

ZZ: About 3 weeks to put out one cassette. No ~~records~~ records yet

SD: WHAT'S THE BEST WAY TO OVERCOME A FEAR OF SOMETHING YOU DON'T WANT TO OVERCOME FEARING?

ZZ: Dive face first into your fear! That'll whip it!

SD: WAS MONTY PYTHON GOD OR WHAT?

ZZ: DEFINITELY! Blackadder, Benny Hill, and Young Ones too!

SD: WHAT FOODS INFLUENCE YOU ALOT?

ZZ: Beans in all the wrong ways!

SD: DON'T YOU AGREE THAT THE FIRST SIGN OF HOMOSEXUALITY IS OVER-EMPHASIZING 'MANLI-NESS'? (this is NOT a homophobic question-think about it)

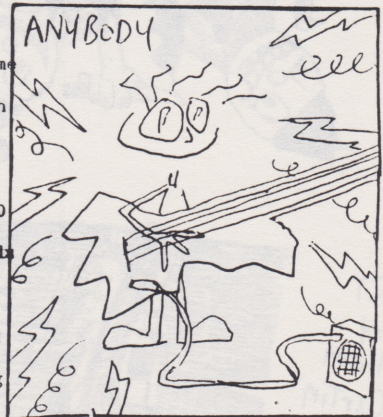

ZZ: Yes! It's true! Have you been reading my seminars?

SD: WHAT DO YOU THINK OF SARDINES?

ZZ: They're concentrated evil!

SD: WHAT IS THE BEST SHOW ON T.V. TODAY? WHAT WAS THE BEST SHOW OF ALL TIME?

ZZ: a) American Chronicle b) Anything on PBS

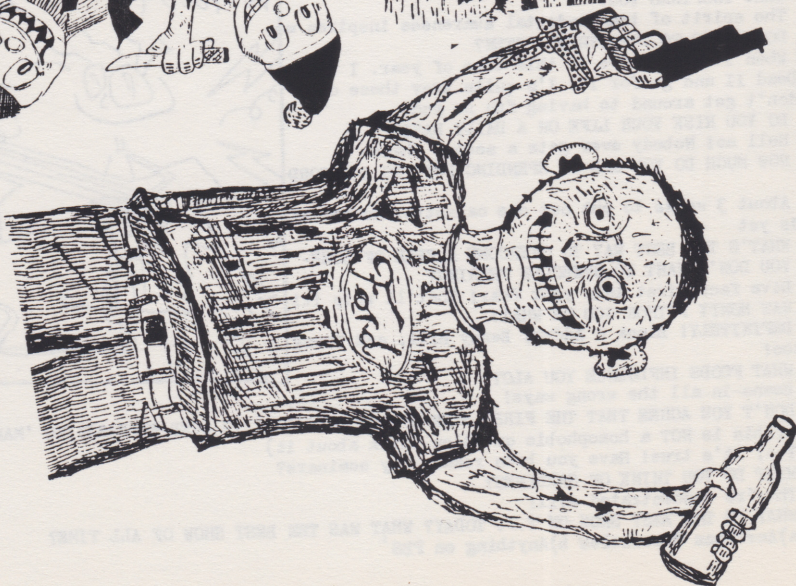

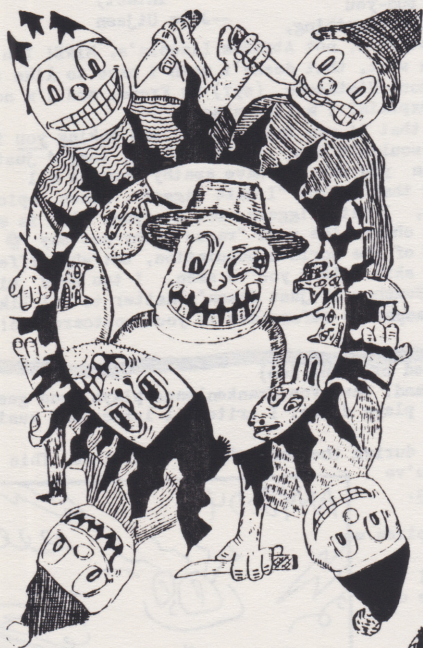

SD: WHAT DO YOU THINK OF THE MOVIE "THE RUNNING MAN"?
ZZ: It's pretty cool-not as good as Total Recall! It scares me because all the modern motion pictures are showing us what our society will become if we don't change. People never learn

SD: IS "THE EXCORCIST" AS SCARY AS EVERYONE SAYS IT IS? (oops spelled it wrong)
ZZ: Hell, I never saw it-what scared me shitless was that Jesus statue with glowing eyes!
SD: WHAT DOES YOUR CAT THINK OF THE SITUATION IN THE MIDDLE EAST?

ZZ: Fucking bastard doesn't give a damn about anything
SD: THE MOST PUNK THING I CAN THINK OF IS LIVING IN A TENT IN A WARM CLIMATE, GROWING YOUR OWN FOOD, AND SHITTING IN AN outhouse. HOW BOUT YOU?

ZZ: Sounds great! Ready to go?
SD: HAVE YOU EVER SEEN A UFO? DESCRIBE...
ZZ: YES! Once at my grandmother's house(which lies in the middle of town). I heard a thunderous noise. I ran outside to see what was going on! There was this low-flying square, covered with lights! It stopped in the middle of the air and stopped making noise! About 3 giant searchlights sprayed down over a large area and then it kicked in the noise and shot away like the much publicized bat out of Hades!

SD: ANYTHING YOU'D LIKE TO SAY IN BLUNT HONESTY OR OTHERWISE?
ZZ: Yes, humankind is not! The only salvation lies in the transcendental awareness. I am MOT's personal representative in the general vicinity! Follow your heart and my instruction (joke?-b.f.) and you can attain the wisdom of the ages! Knowledge is power! Learn!

SHED SOCIETY

DAVE SCHALL

This is a column by me. I think it is to become a regular installment in this here publication, Strange Damage. Anyhow, I thought I would write about the most pressing thing on my mind and maybe some other things depending on how they work into this mess.

Most pressing on my mind is the war with Iraq. Recent developments have really befuddled me. Iraq keeps asking for peace talks and C. Bush, our fascist leader, keeps refusing, apparently, in order to keep his "hard-ass" image alive. Damn him anyway. "We will fight this war on our terms", he keeps repeating. Which I guess we can translate to "I haven't copped my fair share of the glory yet, so if you think we're gonna end it now, you're crazy". It's really sad to think that not enough people have died yet to satisfy the bloodlust of George the Butcher.

I had hopes up until the day before the war started that things would work out so that ~~the~~ the war would not be fought. I guess I overestimated the intelligence of America and its government. Who let this war begin in the first place? I think you have to look back before August of last year to figure that one out. Iraq planned their invasion of Kuwait and the U.S. government said, "fine, go ahead, we won't do anything." Then, they found out that cheap oil would no longer be part of the bargain, so the trouble began.

Now, all we have to look forward to is ~~the~~ loaded bodybags flying home to the U.S. Even though there is a chance now to avoid a ground war (Massacre), I don't think that it will be avoided. It looks to me that C. Bush is chomping at the bit for it to start.

I read an article recently about the mine troops. The ones whose job it is to go through the fields and check that it is safe. I read that between 50 and 80% of them are expected to die. One of these mine experts, a 19 year old boy, said that he was pretty nervous and didn't expect to make it out of the war alive. He knew that he would be one of the first to hit the sand and die for this war. How can a "caring" government expect a 19 year old to give his life this way. Without even a 50/50 chance of survival, this man and many others have begun to get used to the fact that they probably won't live to see 92. Well, it's obvious, a caring government wouldn't do this to its people. But, our brutal gov't is more than willing to add some names to a brand new war memorial. A government for and by the people? No way, it's a government for and by the rich fought for by the poor.

So far, there has been no draft, but you have to expect that it won't be long. Right now, enlisted people are fighting in the Middle East. Who are these people? Are they gung-ho war mongers? I am sure that some are, but the ground forces, I am quite willing to bet, are made predominantly up of poor people who only joined as a means to get ~~the~~ some money for college or because there were no good jobs available. These people are to be pitied, for if we had a gov't with a work program, they would not be facing death at this very moment.

I am disgusted by this action by our gov't. It reaffirms my conviction that politicians are never to be trusted and they never have the good of the people in mind. I suggest that those of you who are reading this, who think that our gov't is wrong; do something. Do anything. Make your voice heard. The Vietnam war was ended by the voice of the people opposed to it and it is reasonable to assume that we can do it again. Thanks, Dave.

LATE STUFF!

JUST BECAUSE I DIDN'T LEAVE THE DRIVING TO US I GOT JAILED AND JUICED GOOD #not. A collection of prose that describes all the details of the time Paul Weinman stole a greyhound bus and drove it into a river and got 2 months in a nut house + 42 shock treatments as a plea bargain instead of 7½-30 years in prison that he would have gotten. Fuck, man, respect this! On a scale of 'punkness', this is right up there with Crass & the Feederz! FUCK!

STUPID POLITICAL ESSAY

(note: i openly admit that alot of this is influenced by the mrr news report in #92. so what.)

Well, Bush has taken the chaos of the Reagan administration and made it look like a lazy Saturday afternoon. Let's see...

During the Iran-Iraq war, Kuwait was giving money to Iraq to help fight their common enemy, Iran. After the war, Kuwait expected Iraq to pay back the loan. Aside from the fact that Iraq couldn't afford to pay them back, Iraq was of the opinion that the money was a gift. So Iraq didn't pay. Then Kuwait started producing too much oil, screwing up Iraq's economy. Iraq got mad and said "Knock it off, Kuwait!" And Kuwait said, "Okay, we'll stop, we stopped, see?" (I think Kuwait should have given Iraq more time to pay the loan, since Kuwait is this very small, VERY RICH country, while Iraq's economy was shot). But then the U.S. stepped in and said "NO, KUWAIT! DON'T STOP OVERPUMPING OIL!" So Kuwait kept pumping and Iraq invaded. THE U.S. WANTED (read: provoked) IRAQ TO INVADE KUWAIT SO THAT WOULD GIVE US AN EXCUSE TO INVADE IRAQ!!!! And why, may you ask, would the U.S. want to invade Iraq? Lots of reasons. Oil is but a small percentage of the reasons. As a matter of fact, we get less than FIVE PERCENT of all our oil from IRAQ AND KUWAIT COMBINED!!! So why did they invade Iraq? Power. Strategic military base locations. So Bush can buck his fucking wimp factor. So poor Bush doesn't have to listen to his office cronies snickering: "ha ha, you let those little Iraqis push you around!". Maybe-and this is scary-maybe he thinks this bullshit action is gonna get him RE-ELECTED!!! OH MY GOD PLEASE DON'T TELL ME PEOPLE REALLY ARE THAT STUPID!!!!!! Oh, and of course to boost the economy. Have you noticed

how the stocks are up, gold is up, etc.? It's really fucking UNBELEIVABLE that people are buying into this war without question like they are!! I was fucking freaking out, the day they sent the planes over to bomb thousands of innocent people-and people call that fucking PATRIOTIC????! "Yeah, America rules, let's kick some ass, we're protecting Kuwait, yeah..." ...BULLSHIT!!!!!! Yeah, just fuck human rights entirely! Real strange how people seem to forget that Iraqis, like everyone else, are

HAPPY FLOWERS

HAPPY FLOWERS ARE ONE OF THE BEST

BANDS EVER!!! THEY WILL MERCILESSLY FUCK YOUR BRAIN!! THEY ARE NOT SANE!!! How to describe them... a bunch of intense cacophony with the most un-sing-about-able lyrical subjects ever, all screamed desperately amidst stringed instruments and other percussion being mangled & tortured. Ooh, how descriptive! Do yourself a favor and buy one or all of their records--"Oof", "I Crush Bozo", and "Lasterday I Was Been Bad", and whatever else they have out. They sent me their answers (and my questions back) in computer printing! Enjoy.....

Q: Who are you, what do you play, and what is your least favorite aroma?

A: I am Mr. Horribly-Charred-Infant and I "sing" and usually play guitar (but I also have played bass, keyboards, drums and other things). My least favorite aroma? Gee, I guess it'd be a toss-up between paper-mills, breweries, cheap cigars and hashish. A paper-mill made me sick once.

Q... 'Charlie Kramer (Mr. Anus)

I play anything that's handed to me
The smell of my brain frying

1: You broke up--what day did it happen and describe the events that took place that led to this.

A: Our last show was August 18, 1990, at the Firenze Tavern in Philadelphia, PA. We broke up 'cause seven years is a bit long for a joke to last.

1. Don't know what day it was...

I just realized that we were

really beyond doing anything

much new and that it was getting

to be more work and not that much

more fun.

2: Now that you've broken up, what are your future plans for life?

A: Get a job. Make a lot of money. Buy a lot of records.
Get married?

2. Finish school. Sleep for a

month straight. Wake up, make

some strong coffee, and plan from there.

3: When did you guys start this band, and describe how the band came about.

A: We started in November (I think) of 1983. I guess we started when we both plugged guitars. We met when we both joined the same band, The Landlords, in October of that same year. We went to the radio a few days later and the rest just sort of happened by accident. We're sorry, and we promise to be better.

3. It started from our old band the Landlords (responses if you want facts).

4: What is your view of the human race?
A: Some of 'em are really cute.

4. Animals that can drive.

5: How would you describe Happy Flowers?
A: "A bunch of noise and screaming" is what I usually tell relatives and co-workers. I wish no one would ever hear that.

5. The favorite.

6: Who and what are your influences?
A: My rotten childhood, Charles Addams, *Weekly World News*, Half Japanese, ALF, Motörhead.

6. Musically--mostly Jimi Hendrix (mostly things with a guitar, like barfing, etc).

7: Care to talk about any strange reactions audiences have had to your shows?

A: Well, gee... People slammed for nearly the whole show when we played in Philadelphia. Prior to that I can tell you I've been slammed twice before: for about 30 seconds at our first New York show, about six people slamming sporadically the first time. The Philly show was weird. People were slamming during songs with no drumming! And they were slamming during the first song! Maybe they couldn't tell the difference.

people stay and listen during our shows. Never been.

8: What makes you fly?

A: I don't know. One second I'm running along and then the next I pull up my feet and sort of kick myself in the ass. I get high and I worry about getting back down. Then I wake up.

9: What makes you scream and cry?

A: scream: being tickled. cry: sad movies.

9. Mu

10: What makes you die?

A: Getting shot and then pushed out a window and then finally shoved into a swimming pool to drown.

10. I've apparently

now we're uneducated or we don't know we have a grasp of intelligence and feelings? This would make a
o I feel that I will have to decline to answer at this time.

"The western states will be
subjected to more terrorism
until they stop helping the ter-
rorist groups which oppose the
liberation-seeking regimes in
the Middle East," Gadhafi said
in a Libyan television broad-
cast. It was monitored in Lon-
don by the British Broadcast-
ing Co.

The Libyan leader said the
virus that causes acquired im-
mune deficiency syndrome was
a result of U.S. experimenta-
tion in germ warfare that got
out of control.

11. I have been intimately involved with the process of 'higher education' including teaching for the last couple of years and I can confirm your notions that

- formal education has nothing to do with intelligence
- if you're smart, formal education can't teach you much you don't already know; if you're stupid, you couldn't learn it anyway. If you're really smart, you won't waste your time, effort and money on education--libraries are free and you don't need some covern of old men earning \$60,000 a year to tell you what's generally accepted as true.

[note-I fall into the second category here]

11½: Besides playing music, what do you guys like to do?

A: Watch TV (*Growing Pains*, *ALF*, *Twin Peaks*, *The Simpsons*, *Get a Life*), read (Kurt Vonnegut, Samuel R. Delany, Wm. Faulkner), buy records, walk, watch cheesy horror flicks with Mr. Anus, lament my non-existent love-life.

11½. Besides playing music, I like to make noise, read, and be a smug motherfucker.

12: Why is it so difficult for me to achieve total un-self-consciousness?

A: Because people are watching you. Always. Even in the bathroom. Especially in the bathroom. People know what you're doing. You cannot achieve total un-self-consciousness until you have eliminated the entire human race save yourself. Have fun!

12. You don't realize that (a) no one worth worrying about is watching you most of the time (b) everyone else feels exactly the same way (c) it doesn't matter what the hell they think anyway.

13: I'm going to list some inarticulated noises and you tell me the first mental impulses (be it word, noise, picture, or other thought) that forms in your mind:

a. meeeuuuuuuurr

a cat being strangled (that's not very nice of you!)

13. a) Me being sucked out through a defective ashtray in an airplane bathroom.

b) live mouse passing the trachea

c. ahg GAHG ahg GAHG

Look buddy, stop strangling things or this interview is over!!!

c) dead mouse on the way back up

d) me watching the computer becoming 'possessed' by my simulation program (I spent many months trying to write a computer program which simulated the stock market. On my last try, the program actually filled the screen with the letter 'A' and 'rebooted' (turned the computer off momentarily, stopping the program entirely) rather than work.

I'm been blowin my nose for a year & $\frac{1}{2}$ and it's getting so crusty I can't even laugh so I put it in my sock and fed it to my dog and I called up my mother & she called me a hog.

If I was God-why would I want people to worship me?

Happiness is evil and the road is paved with naked bodies

If life's a lie/what's there to live for/people are forced to be/capatalist whores/if life is bullshit.../you mean tht's it?/Iwasn't built for/cannabalist shit/I wasn't built to be a workhorse/are you proud to hate your life?/you're a whore and a workhorse/do you love to live your lie?/well life is death/and there's no more/going nowhere with/a strong work force/I wasn't built to survive/you can't complain to me/you say you work 80 hours a week/by now you can't even feel it/you're numb to the powers of pain/keep breathing, you can handle it/can't you go any faster/i'm stealing your life/don't you care?

I BELIEVE I HAD TOO STRONG A BOND WITH MY MOTHER. I WAS EXTREMELY SUPPRESSED. I WAS NOT ALLOWED TO DO THINGS THAT CONTRADICTED WITH MY MOTHER'S BELIEF. I HAD TOO MANY LIMITS. THIS MAY HAVE CONTRIBUTED TO ME BECOMING AN INTENSE RECLUSE. SOCIETY REJECTING ME CREATED A LOT OF WITHDRAWAL. THIS CREATED HELL. TAKING MY MUSIC ONLY FURTHER MADE MY LIFE HELL. IT WAS THE ONLY THING I HAD...WHEN SOMEONE TAKES THE ONLY THING YOU HAVE, UTTER DEVASTATION TAKES OVER. EXPRESSIONS OF INDIVIDUALITY SHOULD RARELY, IF EVER, BE SUPPRESSED. Are the 60's returning like a reconstructed corpse?

The 60's were put into a coma during the 70's and more than slightly reawakened in parts of the 80's. Now i think the Frankenstein is starting to become wide awake again.

(when i speak of the "60's" i'm talking of the basic ideas that started all the fads--hippies, flowers, drugs, etc.--not the fads themselves. Ideas and feelings and actions, like: protests, freedom, anti-war, realizing that this government is not for the people at all when we're not allowed to have any say in what this country does; in the lives this country endangers and destroys.) The nineties may not be the 70's after all. We may just be in for one hell of a ride here. Hang on.

as far as the mind is concerned... the HABITS that we have developed are all NEGATIVE THOUGHT. We love negative thinking. It's comfortable. It allows us not to do things. It allows us to remain in place. We eat, sleep and drink negative thinking. We get a good negative thought at 10 o'clock in the morning, if you develop it and work on it you can take it to lunch with

"I want to inform you that the United States made this virus," Gadhafi said. "The United States is responsible for the spread of this terror in the world."

The Soviet media last year made the same charge that the United States created AIDS, but Kremlin officials recently backed off from the accusation.

A PIECE OF STRANGE DAMAGE!!

In 1760 Gilbert White tells us that "some ladies took a fancy to a toad." They fed it on blowfly maggots and it grew to a "monstrous size." Sadly, the creature was eventually killed by their tame raven. No one could say it was a dull household!

EXCEPT THIS

We are creatures of habit. All of our lives are built on habit. Everything we do virtually everyday is habit. You get up negative or positive every morning. You put your left shoe on every morning, always the left shoe... or the right shoe... and that's a habit. You

eat the same breakfast every morning... or you can't eat any breakfast, and that's a habit. You go to work the same way every morning. You're always 15

minutes early every morning or you're always on time. Or you're always 15 minutes late and that's a habit. If you're always 15 minutes early for work, that means you're always 15 minutes early with everything you do all day. All through our lives and the lives of 95% of Americans there is a flow of habits and

you. Why, you could work all afternoon on that negative thought and be totally negative. And if you're really good at negative thinking, you can stay awake 3 hours that night just thinking those negative thoughts. Do they do you any good? NOT AT ALL. They destroy you.

If our automatic the how do we form the The only thing in the control over is you thought you want to Can you think any th you force your mind it and get that though you know how pow

CEISHA FANCY SMOKED NORWAY BRISLING SARDINES: Sorta oily, but what the fuck.

SPIRIT OF NORWAY SARDINES BY KING OSCAR: What, sardine companies are merging too? These fucking rule, trust anything with 'Norway' ~~is~~ written on it, bozo!

BRUNSWICK SARDINES IN LOUISIANA RED HOT SAUCE: YEAAAAHHHHHH!!!! FINALLY!!!!

NORWEGIAN CROWN-PRINCE NORWAY SARDINES: Scare off Satan with these things. @ Don't know why I said that, but these are good! (define 'good'----oh shut up!)

CROWN PRINCE SMOKED BABY ~~is~~ CLAMS: Do I even have to say anything? Yes, they're great!

TINY TOTS NORWAY BRISLING SARDINES: Yes, they're awesome, but too expensive!

SPIRIT OF NORWAY BRISLING SARDINES IN PURE SPRING WATER: Wow, them spirit of Norway folks are some busy. I thought these would be better than they were, but they have sort of this muddy taste to em that disappetized me a lot. Blarf.

palacio DE ORIENTE COD-FISH IN BISCAYAN SAUCE: AAIEIK! Were these things cooked??? They were chewy, tough, motor-oil coated peices of chooped fish with other contaminated vegetables in the mass. YUK!

(RD)=Ren Davis, all others by me

ANGUISHED SOCIETY/ START WITH YOURSELF: Hardcore with guitars reminiscent of a slower Cryptic Slaughter and a voice I'm unable to describe. How can you call these guys straightedge when most of them are pot-heads!? Read the interview, boyeee.../(33 Riverdale Rd, Middletown NY 10940)

ASSUCK/NECRO-SALVATION 7": Yes! 11 songs of fast, highly moshable, and reasonably lengthed (not too long, not too short) grind-core songs. This is excellent!!! Lyrics tend to wander into CARCASS territory a little bit, and the music is a cross between ANAL CUNT and Napalm Death, with a pinch of SORE THROAT. I hear they're putting together an lp soon! Great production! (Rigid Recs, 7215 N. Highland, Tampa, FL 33604) (BD)

THE BARNEY LOVE TapeS: 2 crank/prank calls on a 7"!! VERY inspiring! All about sheep and jaccuzzis and sexual favors! INTENSE!! (VINYL cOmNuN1CaT1OnS)

BENEDICTION/PUNGENT STENCH split 7": One song from each band. Although Benediction is my pick, I must admit that both bands are fairly lame. Boring, repetitive death-metal, that's all. (Nuclear Blast Recs-remember that most of the Nuclear Blast catalog is available thru Forefront Records!)(BD)

BRENT'S TV/LUMBERJACK DAYS 7": What the fuck, which speed do you play this at? It sounds wrong at either one!! Wait, I think it's 45 rpm. It doesn't say. Is this some kind of sick joke???? This sounds like a sick hybrid of Elvis, the Beach Boys, the Beatles, any 70's hippy-rock band, and surf-folk or something! Fucking BLEEEECCHHHHH!! I'm changing my name!! (Lookout)

BRIAN & TERRY/A NAME FOR THIS WAS ONCE CREATED BUT IT WAS SOON LOST AND FOREVER FORGOTTEN: Well I know these folks so I'll probably like it a lot more than you..? Well, I think this is a really cool tape, folk songs about lawnmowers and masochism and Ghengis Khan and broccoli and watching people eat chicken & a couple more I can't remember.. I'm not kidding! I like it!!! (Brian OF, 9004B Quail Valley Dr, Austin, TX 78758)

BUZZCOCKS: All music GODS! (BD)

CANCER/TO THE GORY END-WINTER/INTO DARKNESS CDs: CD's?!!!! Bah humbug! Well, from what I remember of Winter, they're pretty fucking boring (tho I think Ed saw more in them than even exists), and I don't remember much of Cancer. Fuck Future Shock anyway, from what I hear, they're quite the rip-off artists. (Asshole)

CARCASS/LIVE 7": Excellent! This has got the songs "Embryonic Necropsy and Devourment", "Swarming Vulgar Mass of Infected Virulency", and "Pungent Excrutiation". These live versions are scummy, crusty, full of distortion, and cool!! I kinda even like this more than the studio versions!!! It's also cool to hear them talking in between songs! Only 1,000 of these legitimate ep's made. Act quick!!! \$5.00 U.S. cash. (Distorted Harmony, c/o Jose Adolfo L., APDO. POSTAL 19-648, 03901 MEXICO 19 D.F., MEXICO) (BD)

DISRUPT-s/t 5 song 7": Grindcore time! That second song has backing vocals direct from Hades!! And about 5 singers at that! Is that an elephant with its head cut off on the back cover??? Icky! This is good stuff! Animal lib, religion, anti-employment, etc! (Crust Records, PO Box 2308, Plainville, MA 02762)

DWARVES/BLOOD, GUTS, AND PUSSY: Alright! This album gets extra points before I even open it cos they used a record cover that was meant to do nothing but offend people! It has two naked women, covered in blood ...a naked midgit, covered in blood... and the naked midgit is holding a dead rabbit, which isn't covered in blood! The songs on this are short, rowdy, offensive, and cool!! You can't listen to just one song on side one, you have to listen to the whole

can you describe em?
They're great! Not
good enough? Umm....
in spots they bring
to mind DK's In God

Flag's older stuff,
they've definitely
got their own sound,
the last song rules
coz it's funny & ser-

insanity! So i'm a

"PEBBLES"-ORIGINAL ART-
YFACTS FROM THE FIRST
PUNK ERA-VOLUME 3-"THE
ACID GALLERY": I figure
i have a right to review
this since i don't think
anyone out there has
much for comp records
of punk bands from
the 60's. That's right,
punk rock from the
1960's!!! Before the
Pistols, the Dictators,
the Stooges, MC5, even
before Zappa, there
were bands playing stuff
that wasn't supposed
to be played--in the
60's. Bands with names
like The Driving Stupid,
Race Marbles, Jefferson
Handkerchief, the Satans,
the Outcasts...singing
about terror, drugs,
sex, insanity...weren't
supposed to exist then,
but they did, though
most people (incldng
myself) know nothing of
this largely unheard of
musical era. (well, I
know what the record
jackets tell me)...and
surprise!!! A lot of this
stuff is GOOD SHIT!!!
The Hogs: "Let us all
turn to chapter 37 and
sing hymns--row, row,
row your boat...."

Race Marbles: "I can't
use my comb cause it's
covered with foam,
it's all round my home
and it's not fair cause
my dandruff's gone,
and so's my hair, fair!
scare! chair! where;s
there? have a pair...
how is your bird? I
said how is your snerd?
Are you cleaving your
scram? is your clam
in a jam? just like
a dribbling fram!"
The Bees: "Voices
green and purple,
they were down by the
trees, comin thru the
windows, crawlin up
the walls..." ...I
think you get the pic-
ture! This stuff rules!!
(BFD Recs, Kookaburra,

PEOPLES COURT/R TAPE:
Wow!! First song up
is an instrumental
PORK Knife Spoon
cover!!!!(ha ha hee
hee)fuck, this is
good!!! A harsher
version of melody-
core? I'm happy!!!!

Guitar! "Stoned" is..
uh..okay, i guess. Neat.
(find it in a store,
it's out of print!)

THE PLAYGROUND COMPI-
LATION: Well, Krupted
Peasant Farmers have
a good & goofy melody-
core song here, Prea-
chers that Lie seem a
little bit sexist,
~~hardcore~~ half-spastic
hardcore from Collat-
eral Damage, and ins-
anity from Vomit Pan-
cakes ("I'm gonna kill
Mr. Rogers!!"). Pretty
good 7"! (421 Curie Dr.,
San Jose, CA 95123,
plus 3 other addresses!)

PINK SLIP DADDY/LSO
10": Well, I guess
even if this was a
recording of Michael
Jackson taking a shit,
I'd buy it for a few
simple reasons: this
fucker..a) is a 10"
b) is on clear pink
vinyl c) plays inside-
out on side a (in oth-
er words, you put the
needle in the middle
of the record, then
it plays the song, and
when it's done, it
ends up on the edge)
d) has 2 B-sides e) has
a gatefold sleeve and
f) side A is 4:58PM while
side B is 3:38PM!! And
now the music....side
A sounds like the Cramps
might if they were fast
and had a disco lead
guitar and had a dif-
ferent sounding rhy-
thm guitar..in other
words, it doesn't
sound like the Cramps!
Especially as it gets
toward the end. Side B
... "Nervous Breakdown"
is pretty good!! Fuck-
in goofy, and someone
is destroying their

"REBEL REBEL/FUCK THE

"Cyberpunkonglam"--
sounds like maybe Sigue
Sigue Sputnik with a
female voice saying
dumb cliché things III
like "Fuck the world
rock the world, shock
the world all night
long"--duhhhhh. Neat
synth effects though.
Interesting record
jacket. Side 1&2 are
the same song, meth-
inks. (7510 Sunset Blvd

THE RESIDENTS/DISKOMO-
LIVE IN SAN FRANCISCO
flexi: Well, it says
on it, "Last song of
the final show of the
year-long world tour,
"The Residents 13th
Anniversary Tour",
so I figured it was
rare or something
so I bought it (even
tho it was \$8! Ouch!
Am I dumb or what?)
Plus it's a band I've
been meaning to get
into for quite some
time...the music?
Distorto bass, scree-
ming, a flute from
hell, saxophone (?)
from same, and bon-
gos? Psycho, to be
sure!(Reflex Magazine,
Box F26, Lehigh Univ.,
Bethlehem, PA 18015)

RORSCHACH/PATTERNS: Wha..
this is crazy.. ~~some~~ sorta
funkish metalish jazz-core
with a ukelele (or whatever
pasted to the parking

that is!). and that's just
the first song. Breeding
Ground is very different..
the intro involving clas-
sical guitar (is that what
they call it?) then it
goes into sorta hardcore
with WAY different beats!
Daaaam! How do they memor-
ize all that stuff?? Now
it sounds like Bad Brains!
Now it's spanish folk-gui-
tar (maybe?)!! Now they've
synthesized it so it's go-
ing in & out of my brain..
'Epilogue' is a hardcore-
metalish thing (but it's
NOT metalcore shit! I'm
serious!) with EXCELLENT
beats and it rules anyhow
coz it samples from Monty
Python...now what are
they doing? They're way
ahead of me...Intense
stuff! (John Juniman, POB
52004, Philadelphia, PA
19115)

SENAIOR FLUX/THE CRIMINAL
SPECIAL: File this under
MTV college classics. Ex-
cept for one song that
has some redeemingl
weird qualities, "The
Combine". Other than that
...belch, vomit, gag....
(Emerge)

SEWER TROUT/FLAWLESS
10": YEAH!! This rules:
Belch-core? A harmon-
ica!!? "Carbage In,
Carbage Out" is GOD!!
("fill my tank with
elmer's glue, now i'm
pasted to the parking

lot at Lucky's"..hap-
py-sad melody core
that never takes it-
self too seriously.
Guess they broke up.
Figures. (Very Small
Recs, PO Box 8223,
Emeryville, CA 94662)

SKANKIN PICKLE/until-
tied tape: Well, some
lady at the show gave
me this (the mother
of a bandmember?)--
this be goofy ska,
and much is pretty
enjoyable, tho the
sound on the tape
is turned way down.
They were better
live..(address? yeah
right!)

SNECMA s/t 7": Okay
so I'm dumb and i #8
i didn't know what
the name meant before
i bought it (produ-
cing hearty laughter
from the cashier).
Side A i can only de-
scribe as 'swamp rock'
with some voice talking
about some guy named
Dick who gets his leg
bit off by an alliga-
tor or something....
the flip is MUCH
different and MUCH
better! Fuckin psycho!
There's a thousand
different things going
on here...very fucked
indeed!! Here's a hint:
the song is called

"L.S.D. Bomb". There. (Sympathy For The Record Industry, 4901 Virginia Ave., Long Beach CA 90805)

SOCKEYE/LUCIFURPACKER:

FUCKING SHIT!! I don't even have to listen to this to know that I like it! This is indeed an ominous ~~xxx~~ collection of evil Sockeye tunes.. They can't play, they're don't like you, they're fucking hilarious, obnoxious, retarded, politically incorrect--

WHAT THE HELL ARE YOU WAITING FOR YOU STUPID? FUCK, I wish I was in this band!! Watch for a split album (12-inch record!!!) with this band and an incorrect comp i'm doing. This tape from the ~~ix~~ folks who are becoming an overnight sensation... (Criminal Records, 1131 Howard Rd., Rochester N.Y., 14624)

SONIC YOUTH/KOOL THING 7: Side A..neat, I guess. Flip is better, everything's distorted, sounds like Black Flag's old lead guitarist on here, I suck with names! Kinda neat. (Ceffen Recs)

SORE THROAT/NEVER MIND THE NAPALM.

HERE'S...: When I first listened to this I was disappointed coz it wasn't the blurr-fucking-lunacy of "Unhindered.."

but after giving it a second, more careful listen, I like it! While listening to them, one is caught in a realm between taking them seriously, and not! Their lyrics are (mostly) serious but their music is so purposefully simple, loud, & sloppy (great!)...see what I mean? I guess they do sincerely hate Napalm Death ("16 pounds for a hooded sweat top-Napalm Death fuck off") but oh well (I was wondering if it was a joke or what). Anyway, this tape is enjoyable, but I miss the 100-songs-a-minute! Let's see, do I have enough money for a Meat Shits tape?? (Weasel Recs, POB 1274, Manhattan Beach, CA 90266)

HOGAN'S HEROES-s/t: Mid-tempo h.c...great production. This guy sounds like he's in a screaming argument with someone...great!!!! Fuck yeah, this kicks!!!

(H.h., PO Box 5194, Tomas River, NJ 08754-or write to New Red Archives, 6520 Selma Ave., Suite 1305, Hollywood, CA 90028)

(sorry I fucked the order!!!--bf)

SOUNDGARDEN/LOUD LOVE 7" ep: That first one sounds like KISS drowning in some swamp. YUK! This second song is pretty neat--it's got samples from everything-someone's having fun with a tape machine! The rest of this record is stupid beyond belief. Part. (A&M Records)

STEVE K./untitled: Listen in as Steve takes apart his mind and his guitar.... wheeeeee...(Steve K., 40 O'Donnell Ct., Brunswick Centre, London, ENGLAND, wein laq)

STIKKY/CUDDLE 7" ep: I severely doubt if I have to say anything, but if someone out there in Cowbutt, Nebraska is reading this and doesn't know the power of Stikky, then PLEASE get this record! On 739-color splattereah vinyl, 9 songs including:

Spiderman, Transients, Team Galligan, On Top O' Da World, and Ice-Metal Forever (bar har I'm soooo stupid) (Slappahan, PO Box 843 S.F. CA 94101)

STIKKY/LIVE AT PONY EXPRESS PIZZA: I don't think I'll have to explain this! Their first show in like 60 years or something..how can I say they're one of the best bands ever without sounding stupid...guess I can't, can I?...Just send me a 60m tape if you need this to get you through the day... I don't have much time to record stuff (or do anything for that matter) so allow 2 or 3 weeks for delivery.....

STUPID MUSIC FOR DUMB PEOPLE COMPOOPIATION: In all honesty, I THINK THIS IS THE BEST COMP I OWN!! Incredible trax LIE DETECTORS, LYNYRD'S INWARDS ("I'm becoming somebody I don't even know"--I hear you!!), VOLKSWHALE (their best that I've heard), FORK KNIFE SPOON (fuck yes!), DEATH OF YOUR TESTICLES, LIVE BEFORE POWER TOOL!, HALLUCINATION REPAIRMEN, SOCKEYE (sounds like Volkswahle?? Still rules!!)

BOY IN LOVE, ZOMBIE TER-
PORISTS, "Deep Six" by Ministry on speed and Black (oh, stupid me, it's a BB cover),
SOMEDAY PEOPLE, DICK-TIT TENTACLE, and much more. Why can't more comp tapes be like this? Everything from hardcore to industrial to miscellaneous!! It rules! (Wheelchair Full of Old Men, PO Box 2143, Stow OH. 44224)

SWEET BIPPY/assorted flavors: Truck-core (!!!) and crank calls and plenty more! God-damn insane!!! I love it! hAHaHaHaHaHa.. (Angus Gluck, 90 N. Winsoski Ave, Apt.3, Burlington, VT 05401)

THERAPY 7": Fuzz-out guitar core--neat! "Every day I feel the same, every day drains me, every day drains me into the next". yeah!! Whoa..interesting rhythm here on side b--sampled words say "wake up"...time to die"... feedback!! Awesome backing vocals!! The songs are a bit long, but that's the only drawback on this one. Cool stuff. (42 Calm-castle Rd, Ballygally Larne Co. Antrim, NORTHERN IRELAND, bt402rb)

TIT WRENCH/GO BACK TO EUROPE 7": Fuck yeah!! Ministry on speed and LSD at the same time!! Mother of fuck!!! Year (Vinyl Communications, PO Box 8623, Chula Vista, CA 92012)

ULCEROUS PHLEGM/INTER-NATIONAL PROBLEMS CAN BE SOLVED BY INTERN NA-TIONALISM 7": 100% Deathcore. I like the bass (it's tuned lower than fuck) and those five-second ditties are fucking great, but the 4 long ones get pretty dull. (Shit-house Recs, Quellenweg 37, 7340 Geislingen, GERMANY) (\$5 U.S.)

UNCLE FOAMY s/t: When I first played this in my car, Ed said it sounded like the voice from an old Saturday-morning commercial--this guy selling adverbs (quickly quickly quickly get your adverbs here--ya remember that one?) but I can't help but agree....neat! I like this...but how to describe the music...? Melody rocknroll! Yeah, that's it! Good stuff! (86 Tow-er St, Jamaica Plain MA 02130)

Anti-Schism (scream-

Great stuff. (\$3 to

VENUS BEADS-s/t: Wait
a minute, I thought I
hated this thing's
guts when I first lis-
tened to it?? Oh, prob-
ably cause I listened
to the first song first
(sounds like if the
Dream Academy went metal)
..ummm...FUCK! I think
I like the second song!
It's a wall of screaming
guitar & it's fairly
fast! Kinda like mid-
Husker Du if they ~~gmx~~
grabbed a singer from
some English college
rock outfit..song #3
is kinda mediocre....
the last one is pretty
good..I just wish that
singer would growl in-
stead of sing! Oh well..

Jello Biafra (Dead Kennedys): Back in his
days as a long haired, pot smoking fan of
Black Sabbath and the MC 5 in Boulder,
Colorado, Jello was better known as Eric
Boucher. His primary high school interest
was the radio club, where he could pump
tunes into the cafeteria during lunch time.
His taste, which included segues from
Frank Sinatra to the Stooges, was de-
signed to make a social statement-the
music was designed to get people as mad
as possible!

untitled: This is the zine that goes with that comp I was telling you about--the one with Hallucination Repairmen & Helloc Faust & Tonka & everybody. printed in reddish-purple-ish ink!! Cool! (Rick S., 8920 Ryan Ct., Waxhaw, NC 28173)

THE ALTRUIST MYSTIC #2: This is one of the zines Mr. Utjzen is doing instead of Die Fat Piggie Die (which is dead)...this issue's got an interview with Hallucination Repairmen in it, and (huh? it's not stapled!) stupid Mentors info (blaaaah!) and an interesting Ace Backwords comic, and a few clippings & writings...some of which are pretty cool! I haven't yet figured this guy out...(PO Box 134, Haynesville, MO 65583)

ANKLE BITE #10: This issue is great! Insane comics, drawings of Bart Simpson (??), interviews with the Rick Krinock Experience, Carcass, Danzig & Bad Religion, movie reviews, music reviews, hamburger reviews (revealing the omnipotent power of Carl's Jr.), everyone's top ten albums they were able to think of at the time (okay, so everyone has a better recall ability than I do), and, as usual, a great 5-minute collage at the end! What the fuck, get this! (1498 Wright Ave., Sunnyvale, CA 94087)

ANKLE BITE #11: At first, I wasn't quite sure what to make of all the references to "Brent" (especially the "Win a Dream Date with Brent" contest), but I guess, in the end, they're not as serious as malicious as I thought they were and I'm just an insecure overreactive pisshead who constantly makes himself seriously yet doesn't realize it! I guess I'm slowly starting to realize that ridiculing the fuck out of each other is just something that people do! Okay, okay, I'll shut up....let's see...bowling alley reviews, lots & lots of record reviews (some of them come off as just a bit pretentious, but Ed's good at what he does!), wrestling reviews (??), interviews with Immoral Minority and Napalm Death, insane horoscopes, ideas for avoiding the draft-to-be (ehh?), and the goddamn collage! Yeah, I know you did it in 3 seconds! So what! Oh yeah, the zine...get it, they do

good! (same address as above)

BAD TOAD #4: Let's see...rants, a music club review, record reviews, zine reviews, a boycott of Domino's pizza, since they support pro-life things, band reviews, show reviews (yup, there's a difference), a column, and an attitude I like throughout. (PO Box 2614 Station A, Champaign, IL 61825)

CONVICTION #?: A four-peice-of-paper (8 pages if you count both sides) anarcho-political rant type o' thing. LOTS of words. (PO Box 522, Sheffield, S1 3FF-no country stated-is it England?)

DIEFATPIGGYDIE#10: Well, John sez the jokes on the front page are not racist because there's jokes about white men on here also--I beg to differ. I think after some-odd hundred years of white male "dominance", white males deserve some ridicule--I myself laugh hysterically at many white male jokes--Paul Weinman's "White Boy", for example. Only because what comes around (should) go around. I do not see race variations as "faults" or "endowments"--race is comparable to sex or hair color or nose size or how tall you're going to be--these are things you have no say in when you're being ready-mixed by your parents so THEY SHOULD-N'T MATTER!!! A joke's a joke, but some of these things are x very pointed. (tho the ones on here that aren't racist or sexist are quite funny). Other than that, this is mostly a collection of rants from the editor, some of which are very interesting. (Utjsen, PO Box 134, Waynesville, MO 65583)

EAR OF CORN #15: Hilarious yet informative interviews with Zombie Terrorists & Lynyrd's Innards; and an (extremely) naked photo-extravaganza de Suckdog (I must make it my mission in life to hear this band--fuck, they're from NH and I still haven't heard them)--and comics & zine & music reviews! Get into this! (Dave Schall, PO Box 2143, Stow, OH 44224)

EAR OF CORN #16: FUCKING HILARIOUS & OTHERWISE UNSANE interviews with: Boy In Love, Disruption (they rule!!), some straight-edge band called Hallucination Repairmen, The Six and Violence, and Bent! Plus a Polish scene report, intimate love letters, music & zine reviews, & Dave's top 13! Oh, and that comic! Cover art by William McCurtin---fuck, this thing rules! (same address as above--oh yeah, it's only like \$1 or something --oops!--it's also got some pissed opinions about the war! GET IT!)

FACTSHEET 5 #39: Well, what do you think? Reviews of everything conceivable!!!! Reviews of more cool things you've seen in your past 15 lifetimes! Funny "sold out" cover! (\$3 to 6 Arizona Ave., Rensselaer, NY 12144-4502)

HOLLYWOOD SUPERSTARS #1 (comic book): Some guy in the mall where I work gave this to me! This is basically about an evil cameraman who who kills people on the set & films it, and a comedian, an ex-co-worker, and some lady the comedian found on the street, who all are trying to uncover Mr. Cameraman's schemes to the law, etc. This is good in that it's not one of those "to be continued" things--but the story isn't really all that exciting. (387 Park Ave. South, NY NY 10016) (\$2.95)

LIES, LIES, ALL A BUNCH OF LIES #2: Dave put this out like 600 years ago, so it's most likely futile to review this, other than me just wanting to. Insane drawings, an interesting "nomads" concept (joke, ~~but~~ but it's still neat), demented poetry and collages, something called "Joeniop & Teval", which seems to be some type of surreal horror story--I like it even though it's way over my head--I think maybe it shows that reality only exists because it's what everyone has come to believe? Probably a totally incorrect interpretation. And an interesting political editorial, tho I don't know who Brenda Spencer is. Wow!!! (PO Box 2143, Stow, OH 44224)

MAXIMUMROCKNROLL #90: You can always tell how long it's been since I've put this crud-zine out by looking at the issue #'s of the MRR's 1 review. This has: a column from some Viet Nam veterans re the troops in Saudi Arabia, a Nevada scene report (seems unusual), interviews with the Dwarves, the Radicts, some great comix (filed under "graphics/art") and the ~~usual~~ usual stuff. (MRR, PO BOX 288, Berkeley CA 94701)

MRR #91: A neat article on the fear of Japan buying everything (I guess, I've yet to read the whole thing), a Thailand scene report, ~~its~~ ints w/ Warlock Pinchers, Posion Idea, interesting graphix, this is the issue that they said they're not doing tape reviews anymore (what the fuck!), interesting movie review by Tim Yohannon, and the usual. (above)

MRR #92: Fuck yeah, they really printed the Hallucination Repairmen interview!! Hee Hee Hawr Hawr!!! Plus: a really dumb Lookout ad (they seem to care intensely where a band lives--why??), an EXCELLENT news article about the U.S. provoking Iraq's invasion of Kuwait, reports from Finland & Yugoslavia, inturviews wif Asbestos Death, The Mummies (they fuckin rule!), Comb, and whoever. Huh. ~~DA~~ Other than that...(above)

MRR #94(1 don't have 93 yet): Fuck wow! Tons and TONS of info on the war & such related topix! Holy fucking sheep! I notice Alternative Tentacles is cranking out stuff at a furious rate as of late., intrst'g scoop question...some guy named Jeff Paterson, who is an ex-marine, is telling this whole war thing to go fuck itself...wow! Ints w/Rats of Unusaul Size, Laughing Hyenas (there ya go Brian), C.R.I. (they rule!), WW3 Illustrated, (some intense graphixx in that), more intense graffix, an entertaining Profane Existence ad, BLLEEEAAAAUUURRRRGHHH! the record is finally out!!!!!!!, and what the fuck...? They won't review my zine which I sent to them MONTHS ago...why NOT?? (above)

~~MAXIMUMROCKNROLL~~

NUCLEAR GORE #4: A tiny peice of paper explaining the record & zine things this guy named Dave is putting out. (Dave Gedge, 43 Pilsdon Dr., Canford Pk., Poole, Dorset, BH17 9EJ, ENGLAND)

THE OVERLORDS OF RAPAXCIA #3?: It's not stapled. But 'tis insane. "The undead adventures of Bandy the Dead Rodeo Clown"--hee hee!! Articles on pizza and MTV being hypocrites as usual, Calvin & Hobbes comix, a great parody note...wow, these guys have a real letters column, and GG Allin is among the writers!! Plus some micro-radio articles, more insane art & collages, even the ads are insane. Neeeeeet! (PO Box 3648, Corpus Christi TX 78463)

RALE #5: The poetry issue. Lots and lots and lots and lots of insane insane insane insane poetry. (Kevin Lintner, 827 N Queen St., Lancaster PA 17603-2739)

RALE #6: Wow, he really did put my doofus artwork on the cover! Neet! LAWTS of zine reviews, neat collages, music reviews, what is Dadata?, some poetry, info on X. Sharks # Despot (a writer), great art by Tim Renner on back cover, great "KKK Christmas Choir" thing, and more, much more!! (same address as above)

SCRIBBLE UNLIMITED #6: An essay on the 90's, a huge crazy story called "Terrace Carenot", a smaller one called "Thadius", "Why I Quit College--5 Reasons By Darren", poetry, a comik, art, & more. I got this coz FF screwed up on my address (putting Whitefield NJ instead of NH)(PO Box 415, Rutherford, NJ 07070)

SUCK MY COCK WHITE BOY! #?: This is Paul Weinman with some of his best stuff ever (that I've seen). That letter from that psycho-moronic Aryan lady is in here, poetry, views, sarcasm & humor that could only be created by someone who has come face to face with this hell people refer to as reality. This guy's been through a lot. And ~~am~~ read "Why White Boy Got 28 Phone Calls In 9 Hrs Telling Hims Kike Ass Will Have His House Burned Down" (sic)..punk as fuck!! (Paul Weinman, 73 Cottage, Albany NY 12203)

THE WORLD IS FULL OF SHIT #2: Big-size poster "zine" including an article on flag-burning, an anti-drug march (?), a parody of the Enquirer, & ~~mkht~~ other stuff. (no address-- i think it was included in Rale #67)

WHITE BOY-several pamphlets & such: Here we have White Boy Beer (a w.b. thing that folds into the shape of a beer-sorta), "Saddam Sucks Bush Blows Saddam.." (written in a circle so it's never ending), "White Boy Picks at the Races", and "Win With White Boy Lotta Tickets"...lots of that intense pointed humor (some of which is over my head--nothing egotistical intended here) that you've come to know & love. (Paul Weinman, 73 Cottage, Albany NY 12203)

ZENDIK FARM #43: Fuck, man, I found this on the bus on the way to Waldo's!! Waldo took one look and described it as "new age" (whatever that means)..hm, lets see...what IS this? These guys live in a separte religion of reality or what? Whaateveer it is, it's interesting, tho it's probably all over my head. Great ~~pinxter~~ picture with the Great God Greed poem...I guess "Deathkultur"=society as we know it! "Physics, the Occult, & Cocoa Puffs"?!!!!!! LOTS of art & interviews & writings & "Cozmic Pizza Service"....this is HUGE and INSANE and they swear alot too! And it's fucken complicated! Put your brain to shame with this...(Cary Roberts, PO Box 1146, Boulevard, CA 92005)

BUSINESS AS USUAL

We move

We march on in the face of
spurious soldiers

In the threat of yet another
useless war

In the grimy heat of the
hushed corruption

Looking into the eye of a
particularly harsh storm

We go, often weekly, see-
king truth

In all its discord

Distorted lies and ~~pagine~~
pageless propaganda

Aimed by garbage slingers
'Religious' right-wingers

Making bag-ladies of youth
Business is business as
usual

It's got nothing to do
with truth

-Kevin Hibshman

FIE CITY

Cars menace onlookers, trying
to cross the cigarette-laden road, Bright painted
faceless shop windows, fool
people into buying utter
crap. I'm looking round one.
Something taps me on the
shoulder, I turn slightly
in paranoia. "Hello", I hear
the voice inside my head
say, "we're watching you!"
